Summary

Experienced front-end web developer with 2 years 5 months of hands-on experience in JavaScript and React js Proficient in developing interactive user interfaces, implementing state management using Redux, and collaborating with backend teams to integrate frontend components. Skilled in writing clean, modular code using JavaScript ES6+ features and implementing responsive design principles using CSS3. Strong team player with a keen eye for code quality, conducting code reviews, and providing constructive feedback. Eager to leverage skills and contribute to innovative web development projects.

Skills

Primary Skills :

HTML 5 ,CSS 3,BOOTSTRAP 5,Java Script , ES6 , React JS ,Git , Redux, Jest.

Secondary Skills :

SQL Query Writing ,Database Design ,Stored Procedures and Functions ,Data Manipulation,
Data Aggregation and Analysis

Work Experience

Software Developer

Pro-Active Solutech Pvt Ltd , Chennai

March 2023 – Feb 2025

Role: Front-End Developer & SQL Support Engineer

Projects:

- Activity-Based Information System (ABIS)
- Pricing Management System (PMS)

Responsibilities:

◆ Front-End Development

- Designed and developed responsive, user-friendly interfaces for ABIS and PMS using HTML, CSS, JavaScript, ReactJs and front-end frameworks.

- Built dynamic dashboards and interactive reports that facilitated real-time monitoring of activity-based costing and pricing strategies.
- Integrated front-end components with back-end systems to ensure seamless data flow and real-time updates.
- Led major UI/UX redesigns, significantly improving user engagement and reducing support issues.

◆ SQL Development & Database Support

- Developed and maintained complex SQL queries, views, stored procedures, and triggers to support business logic and reporting.
- Optimized database operations to enhance performance, reliability, and scalability of both systems.
- Ensured data accuracy, integrity, and security through close collaboration with DBAs and QA teams.

◆ Product Support & Continuous Improvement

- Provided technical support to end-users, resolving front-end and data-related issues quickly and efficiently.
- Participated in the deployment of system updates, new features, bug fixes, and performance enhancements.

Key Achievements:

- Redesigned the front-end of both systems, boosting user engagement by 25–30% and reducing issue reports by 15–20%.
- Developed optimized SQL scripts that increased data processing efficiency by 25–30%.
- Integrated advanced data visualization features, enabling actionable insights into both costing and pricing trends.

Software Developer

BridgeLabz solutins Pvt Ltd , Chennai

Feb 2026 – current

Front-End Developer | Admin Lab Portal

Technologies: ReactJS, HTML5, CSS3, JavaScript, SQL

Duration: [Feb 2025 - current]

Key Responsibilities:

- Developed and maintained the **Admin Lab Portal** interface using **ReactJS** to manage coder distribution reports and lab-related administrative data.

- Created **responsive UI components** using MUI (Material UI Joy) and custom styling for seamless user experience across devices.
- Implemented dynamic **filtering and reporting features** including COE name, Lab type, and real-time coder distribution tables.
- Used **React hooks and component-based architecture** to manage state and logic efficiently.
- Integrated **interactive tables and dashboards** to display lab strength, coder types, and support refresh actions.
- Supported data visualization and download functionality for analytical reports.
- Wrote and optimized **SQL queries and stored procedures** to fetch and display real-time lab and coder-related data.
- Collaborated with stakeholders to implement user feedback and continuously enhance system functionality.

Key Achievements:

- Successfully streamlined the lab administration workflow through intuitive UI design and efficient component integration.
- Reduced user-reported issues by over 20% through performance optimization and better input handling.
- Improved data handling efficiency by 25% through SQL optimization and integration enhancements.

Education

B.Tech [Information Technology], May 2021

B.S.Abdur Rahman Crescent Institute of Science And Technology at Chennai

Percentage : 7.06 CGPA
